Direct Market Ordering Catalog for Products Shipping in September and Beyond

Hello comic retailers and fans!

Welcome to PRH Panels, the Penguin Random House catalog for the Direct Market, highlighting the incredible graphic novels, East Asian comics, games, and more that debut every month. We can't wait for you to find the next story to inspire and entertain you, and the latest games and gifts to bring you together.

In the backlist spotlight section, we're celebrating Hispanic Heritage Month from September 15th-October 15th with recommendations for titles by or about Hispanic people and culture. Check out titles like ***This Land Is Our Land: A Blue Beetle Story***, ***Doodles from the Boogie Down***, and ***Mexikid***. In addition, get a head start on Halloween buying or restock for Summerween with our list of Halloween-themed graphic novels, activity books, and more! Grab a classic like ***Batman: The Long Halloween*** or try a recent favorite like ***Star Trek: Holo-Ween***. And lastly, Trick-or-Read 2025 titles are now available to order! These make perfect freebies to hand out in October. We have a great mix of kids, teen, and adult titles from publishers like Marvel, Dark Horse, Top Shelf Productions, and Kodansha.

In our Comics section, we are spotlighting the first Marvel/DC crossover in decades with ***Deadpool/Batman #1***. Zeb Wells teams up with Kevin Smith to bring you the crossover you've pined for but never thought possible. We've also got the third Godzilla series in IDW's exciting new Kai-Sei era of shared continuity—***Starship Godzilla #1***. And the hit superhero saga *Minor Threats* returns from Dark Horse, Patton Oswalt, and Jordan Blum with the first of a new five-issue series ***Minor Threats: The Last Devil Left Alive #1***.

In our Graphic Novels section, we're giving the spotlight to the new paperback collected edition of the 2025 multi-Eisner Award nominated ***Animal Pound***, by Tom King and illustrator Peter Gross. When an uprising puts a pound in control of the animals, they make quick comrades, united against everything that walks on two legs. But with this newfound power comes a sudden challenge: how best to lay the groundwork for this new democracy as they write their first constitution.

Our Kids & YA spotlight this month is an exciting YA graphic novel that you caught a preview of on Free Comic Book Day—***Champion***. NBA Legend, activist, and author Kareem Abdul-Jabbar co-writes this story with Raymond Obstfeld and illustrations by Ed Laroche. *Champion* follows a high school student whose promising basketball career is in jeopardy. Through an assignment from his coach, he discovers the triumphs and hardships of Kareem Abdul-Jabbar's life as a social justice advocate.

In our East Asian Comics section, we're spotlighting ***My Twisted Eating Disorder***—the latest manga from Nagata Kabi, the Harvey Award-winning author of *My Lesbian Experience with Loneliness*. This new print-edition of the latest entry in Kabi's powerful autobiographical series details the complexities of the author's fraught relationship with food, from eating disorders and habits to food preparation, with unflinching and detailed honesty.

Our prose section this month is spotlighting ***Screwing Sinatra***. IDW publishing expands into prose books with this film noir-inspired look at Frank Sinatra. The latest in P Moss' string of historical crime fiction, *Screwing Sinatra* focuses on one of the most celebrated performers in pop culture and his connections to the mob and political power. And in our Games & Gift section, learn about five centuries of mixing drinks and carrying on in ***The Comic Book History of the Cocktail***. Featuring 20 recipes by drinks historian, *Daily Beast* columnist, and award-winning author David Wondrich. With gorgeous illustrations by Dean Kotz.

All this and much, much more can be found in this month's PRH Panels. Don't hesitate to explore this catalog and find the perfect new book! As always, retailers who have any questions about the ordering process or would like to open an account with PRH, are encouraged to email us at comicmarketUS@penguinrandomhouse.com.

But there's no time to sleep like the dead. Sundown is here, and the ghouls have a long to-boo list: protest Gloom Tech, the nefarious organization funding the World's Scare; create an award-winning invention; and find out just exactly who is looking into Frankenstein's work now that he's no longer around to protect his legacy. First up, Frankie and her newly crowned lab assistant Drac will have to visit the mysterious Dr. Volts for a missing piece of their emotion modulator. Star Trek: Red Shirts #3 Cover A (Shehan)

Written by CHRISTOPHER CANTWELL;
Illustrated by MEGAN LEVENS;
Cover Design or Artwork by CHRIS SHEHAN

It's a race to the top as the anti-Federation spies and the Red Shirts summit the towering antenna on Arkonia 89. The spies seek to escape a transporter disrupter and make it back to their ship with their stolen data, and Raad, Grash, Vesta, and Miller will try to stop them by any means necessary. The climb is made all the more difficult by fire raining from above via a cloaked Warbird captained by a young Romulan and a mysterious Tal Shiar officer. Meanwhile, on the ground, Lanier, Amiga, and DeMatrio realize a hidden secret about the deceased Cromarty's base. It just might be their ticket out of this mess alive, but as more lives are senselessly lost, the Red Shirts start to wonder if Starfleet would even care if they made it back at all.

NBA Legend Kareem Abdul-Jabbar co-writes this YA graphic novel that was teased in the FCBD preview!

Champion

A Graphic Novel

Written by KAREEM ABDUL-JABBAR and RAYMOND OBSTFELD; Illustrated by ED LAROCHE

A high school student whose promising basketball career is in jeopardy discovers the triumphs and hardships of Kareem Abdul-Jabbar's life as a social justice advocate in this stunningly illustrated graphic novel.

Monk Travers is the star basketball player on his high school team. Confident about his future as an NBA player, he doesn't see the point in caring much about school, let alone his community. But his world is about to change—big time!

After getting caught graffitiing his team's rival school, Monk comes to the awful realization that his actions have put his place on the team—and his future—in jeopardy. Fearing the worst, he's taken by surprise when his coach offers him an unorthodox way to atone: completing a report on the life of Kareem Abdul-Jabbar. Monk is ecstatic. He knows all Kareem's records and stats. He smugly announces that the project will be a snap, but his excitement is short-lived when coach tells him that the project is not about Kareem's basketball career—it's about his life as an advocate for change. As Monk grudgingly begins his research, he discovers a history of struggles, conflicts, frustrations, and violence that he'd never been aware of, awakening a passion for social justice that rivals Kareem's own.

Minecraft: Zombies Unleashed!

Written by NICK ELIOPULOS

The Overworld is in trouble.

On the ground, a rampaging army of armor-clad zombies is roving across the biomes. In the sky, a wicked Wither is leaving a path of destruction—and Wither roses—wherever it goes. And in Bobbie's party, the tension is tighter than a skeleton's bowstring . . . because, somehow, Logan just became its newest member. The same Logan who set zombies on Bobbie's village and turned her little brother, Johnny, into one of the walking dead. Bobbie hasn't forgotten her main mission: Find the zombified villagers who were once her friends and family and feed them the enchanted golden apples that will turn them back. But as long as the Wither exists, there's danger. As much as Bobbie dislikes heroes, she and her friends (and also Logan) look like the closest thing the Overworld's got.

There's no better writer to tell the colorful history of cocktails than David Wondrich!

The Comic Book History of the Cocktail

Five Centuries of Mixing Drinks and Carrying On

Written by DAVID WONDRICH; Illustrated by DEAN KOTZ

A graphic novel history of the cocktail—from prehistoric wassail to our current boozy renaissance—featuring 20 recipes by drinks historian, *Daily Beast* columnist, and award-winning author David Wondrich.

In *The Comic Book Story of the Cocktail*, Wondrich teams up with comics artist Dean Kotz to trace the evolution of the cocktail. Beginning with the ancient days of wassail and hypocras (mixed drinks based on wine and beer), they narrate a tumultuous and vibrant history that stretches through the Age of Exploration, the boozier parts of the Enlightenment and America's hurly-burly nineteenth century, to the Disco years, the Cosmo years, and the modern Cocktail Revolution.

Kotz's intricate, masterful drawings illustrate stories that have never been properly told and introduce key characters who haven't yet received their due. Nearly thirty recipes round out this spirited account, featuring accurate versions of old classics and a generous selection of secret weapons from the mixologist's vest pocket. So, settle in with your libation of choice and prepare to meet the good, the bad, and the boozy in this lively and jam-packed tale.
